VEST MAKES A SPEECH

He Opposes the Passage of the Ship Subsidy Bill.

DEMANDS ATTENTION

The House Passes Bill Classifying Carriers, but Refused to Put Them under the Contract System. Bills Passed by Senate.

Washington, March 11.—For nearly two hours Monday Mr. Vest of Missouri addressed the senate in opposition to the pending ship subsidy bill. No member of the body has been accorded more flatteringly close attention than he received. Despite his evident feebleness, he spoke with force and fire and at times became brilliantly eloquent. He carefully analyzed the pending measure and particularly attacked the present navigation laws which he declared were relics of barbarism and responsible for the decline of our merchant marine.

Mr. Tillman of South Carolina followed with a brief speech in opposition to the bill. He denounced the policy of giving subsidies to anybody, particularly to individuals and corporations engaged in the formation of shipping trusts.

The senate passed a considerable number of unobjectionable bills on the calendar, among them:

To restore Henry D. Hall to the revenue cutter service and make him a captain on waiting orders.

To remove the port of entry in the Albemarle collection of customs district, North Carolina, from Edenton, N. C., to Elizabeth City, N. C.

To provide for the payment of medical expenses of sick officers and enlisted men of the army while absent from duty with leave of furlough and appropriating \$200,000 for this purpose.

To reimburse the officers and crew of the U. S. S. Charleston, lost in the Philippines, Nov. 2, 1899.

The bill to classify the rural free delivery service and place the carriers under the contract system was passed by the house, but in a form that completely changed the purpose for which it was framed. All the provisions relating to the placing of carriers under the contract system were stricken out and the salary system not only was continued but the maximum salary of carriers was increased from \$500 to \$600 per annum.

A motion offered by Mr. Williams (Dem. Ill.), to recommit the bill with instructions to report back an amendment providing for the dismissal from the service of carriers who should use their influence in favor of any particular party or for any particular candidate was voted down—96 to 141.

As passed the bill classifies the rural free delivery service and fixes the compensation of employees as follows:

Special agents in charge of divisions not exceeding \$2400 per annum; special agents, four classes graded from \$1300 to \$1600; route inspectors, four classes, from \$900 to \$1200; clerks, four classes, from \$900 to \$1200.

The compensation of carriers is not to exceed \$600. The postoffice appropriation bill will be considered next.

Postmasters Appointed.

Washington, March 11.—The president has sent the following nominations of postmasters to the senate: William S. McCullough, Brinkley, Ark.

J. C. Bell, Forest City, Ark.
Seth W. Collins, McComb City, Miss.
William M. O'Leary, Dallas, Tex.

Isthmian Canal Report.

Washington, March 11.—Senator Morgan has placed at the disposal of the isthmian canal committee, but did not formally present, the report of the sub-committee of which he is chairman on the question of the ability of the new Panama company to give a clear title in case the United States should purchase the franchises and property of that company.

The report of the majority of the sub-committee is adverse to the acceptance of the title of the Panama company.

Gold from Transvaal Mines.

London, March 11.—The Transvaal chamber of mines reports output of gold from Witwatersrand for month of February as \$1,405 ounces.

King Edward's Racer Crippled.

London, March 11.—King Edward's steeple chaser Ambush II, a favorite for the grand national, pulled up lame after a trial at New Market.

IS HOMEWARD BOUND

The Prince Departs After Three Weeks' Visit to United States.

HAD A GRAND TIME

He Sails on the Deutschland With His Suite—Several Notable Persons Called to Tell the Kaiser's Brother Farewell.

New York, March 11.—Prince Henry of Prussia, who went on board the Deutschland about 1 o'clock this morning, after a gala performance in his honor at Irving Place theater, spent a quiet morning on the steamship. It had been planned the prince would make several farewell visits, but later it was said he felt the need of rest and leave-takings would take place on the Deutschland. Those who called were German Ambassador Von Holleben, Rear Admiral Evans, Adjutant General Corbin, Colonel Bingham, Commander Cowles, Assistant Secretary of State Hill, Karl Beunz, German consul at New York, and the mayor of New York. Police of Hoboken made extra preparations to keep in large crowds which gathered in the hope of seeing the prince before the Deutschland sailed.

After breakfast Prince Henry promenade the deck of the Deutschland smoking a cigarette, and while he was doing this life-saving drill signal was sounded aboard the big freighter Pretoria moored a few piers away. In a twinkling after the alarm was blown life boats were freed and made ready for launching. This was followed by a fire drill and in less than five minutes after the alarm a dozen streams were pouring over the side of the vessel. The prince was interested in the exhibition and said the response to calls was very prompt.

Several members of the prince's party went this morning to Elizabethtown, N. J., to visit Nixon ship building yards, returning in time to board the ship which sailed at 3:30 o'clock this afternoon.

IRISH AFFAIRS.

The English Cabinet Takes up the Situation in Ireland.

London, March 11.—The cabinet met at noon today under the presidency of Lord Salisbury, the premier. George Wyndham, chief secretary for Ireland, came especially from Dublin to inform the ministers regarding the conditions in that part of Great Britain, while A. J. Balfour, first lord of the treasury, who is considered expert in the management of the Irish agitation, had sufficiently recovered from his attack of influenza to be present and advise his colleagues from his own experience as to what he considered best to be done under the circumstances.

Leading Nationalists affect indifference as to the government's action. They declare that if the cabinet decides to suppress the United Irish league the government must carry the matter to some logical conclusion and abolish all representative government in Ireland.

THE SECOND LARGEST.

Big Sailing Vessel Daylight Reaches New York from Scotland.

New York, March 11.—Anchored off quarantine is the second largest sailing vessel in the world, the four-masted steel bark Daylight, which has just completed a stormy maiden voyage of 51 days from Greenock, Scotland. The Daylight is a first-class steel vessel with a gross tonnage of 3765 tons, about 100 tons less than the five-masted bark Potosi, the largest sailing vessel in the world. The Daylight has a carrying capacity of 7000 tons and was built especially for carrying case oil. She was launched at Port Glasgow in December last and is owned by the Anglo-American Oil company of London.

Captain James Reade, who commanded the last of the sailing ships of the White Star Line, commands the new Daylight. His crew consists of 41 men.

Jeffries Visiting His Mother.

Los Angeles, March 11.—Champion J. J. Jeffries has arrived in Los Angeles and will spend several days here visiting his mother. He has entirely recovered from the cold he contracted in New York.

The champion has been in consultation with officials of the Century Athletic club, who have made an offer of \$20,000 for the coming battle for the championship. He thinks choice of meeting places lies between this city and San Francisco. He will be present in the latter place when the bids are opened Saturday.

Stacey Succeeds Oppenheimer.

Austin, March 11.—The governor has appointed Brigadier General William H. Stacy of Austin to be major general of Texas Volunteer Guard to succeed Major General L. M. Oppenheimer, resigned, and who has been retired. The

Gatesville, Tex., will have a new national bank.

Two cases of smallpox are reported at Hillsboro, Tex.

BRYAN, TEXAS,

Have slaughtered and sold more cattle and hogs than all the other dealers here together.

WHY?

Because their way of doing business is to do it by wholesale. TWO big markets—15 men employed all the while catering to the wants of fastidious trade educated to eat good meats and no other. We have the facilities and intend to keep the trade by always selling the best at the lowest prices it can be bought for. We buy Wool, Hides, Pelts at highest market price.

Some People Think

Fancy prices make the things they eat better. This is a very erroneous and expensive notion. Fancy prices are often the result of high rents, clerk hire, etc. If your grocery bill is too large it will pay you to examine our stock of groceries and the low prices we make on them. They are fresh, pure and wholesome. They please our old customers and if you will let us send a trial order we will please you.

GRAND JURY REPORT.

The grand jury adjourned yes-
terday. Following is their final
report:

We, the grand jury impaneled
at the March term, A. D. 1902, of
the district court of Brazos county,
Texas, having fully completed our
labors, beg leave to submit to your
Honor this, our final report, as
follows, viz:

We have been in session seven
days, and as a result of our labors,
after a thorough and impartial in-
vestigation, we have presented in
said court twenty indictments, ten
of which are for felonies and ten
are for misdemeanors, and with
pleasure we note the apparent de-
crease of crime in our county. We
are glad to report that misdemea-
nor cases to a great extent have
been tried and disposed of in our
county and justice courts, for
which the officers of said court are
to be highly commended.

We notice with satisfaction that
the gambling laws and the Sunday
laws are rigidly enforced, and for
which condition of affairs too much
cannot be said in praise of our
vigilant sheriff, together with the
other officers.

We have visited the county jail,
and find it splendidly kept, and we
think, from talking with the pris-

SENSATION IN THE HOUSE

Thayer Charges Newspapers With Creat-
ing Favor for Cuban Reciprocity.

Washington, March 11.—When the
house met to-day, Mr. Thayer of Mas-
sachusetts created something of a fur-
ry by rising to question of privilege,
which he said involved the "dignity of
the house and safety of its members."
He presented resolution setting forth
many rumors regarding Cuban recip-
rocity, together with allegations that
the sugar trust was to be the chief be-
neficiary of such reciprocity; that it was
subsidizing newspapers, establishing
literary bureaus and other ways of at-
tempting to create public sentiment in
favor of Cuban reciprocity. The reso-
lution declared the dignity of the house
is involved and called for a special
committee of seven members to investi-
gate the subject.

Mr. Loud made a point of order
against the resolution which was sus-
tained by the speaker. Mr. Thayer
appealed from the decision of the chair.
"I move to lay the appeal on the
table," instantly cried Mr. Payne, Re-
publican floor leader. Thayer demand-
ed ayes and nays and the roll was
called.

The Republicans voted bodily for the
motion to lay the appeal on the table,
while two Democrats, Messrs. Flem-
ing of Georgia and McClellan of New
York, broke away from party associa-
tes and voted with the Republicans.
The appeal was laid on the table by a
vote of 125 to 87.

The house then went into the com-
mittee of the whole and entered upon
consideration of the postoffice appro-
priation bill.

Senate Raises Objection.

Washington, March 11.—The senate
has disagreed to the conference report
on the bill providing for carrying into
effect of the stipulations of article 7 of
the Paris treaty. The senate insists
upon its amendment. Cullom, Lodge
and Morgan were named as conferees.
Article seven relates to the payment
of claims in Cuba and the bill proposes
to amend the act creating Spanish
claims commission so as to provide
for the attendance of witnesses.

Senators by Vote of the People.

Washington, March 11.—In reply to
an inquiry from Mr. Berry of Arkan-
sas, Mr. Burrows of Michigan, chair-
man of the committee on privileges
and elections, promised a vote during
the present session on the question of
election of senators by popular vote.

STORM AT OMAHA.

Light Rain and Hail Followed by Al-
most a Hurricane.

Omaha, March 11.—A storm from
the northwest swept through the north-
ern portion of Omaha early this morn-
ing. Light rain and hail were follow-
ed by a veritable hurricane, which did
a great amount of damage. Wires
blown down, windows shattered, sev-
eral buildings unroofed and sidewalks
strewn with litter.

Five skylights, each weighing more
than 500 pounds, were blown down at
the Coliseum building.

The Monmouth Park Methodist Epis-
copal church at Thirty-fourth street
and Larimore avenue, was blown to
pieces, as was the building at 2218 Cum-
ming street, occupied by the Ruther-
ford marble works.

The roof at 2410 and 2412 Cumming
street was blown to the street. At the
same time a bolt of lightning struck
the house at 2410 Cumming, shattering
the rear portion of the building.

A row of flats across the street from
the Coliseum was badly damaged.

GRAND JURY REPORT.

The grand jury adjourned yes-
terday. Following is their final
report:

We, the grand jury impaneled
at the March term, A. D. 1902, of
the district court of Brazos county,
Texas, having fully completed our
labors, beg leave to submit to your
Honor this, our final report, as
follows, viz:

We have been in session seven
days, and as a result of our labors,
after a thorough and impartial in-
vestigation, we have presented in
said court twenty indictments, ten
of which are for felonies and ten
are for misdemeanors, and with
pleasure we note the apparent de-
crease of crime in our county. We
are glad to report that misdemea-
nor cases to a great extent have
been tried and disposed of in our
county and justice courts, for
which the officers of said court are
to be highly commended.

We notice with satisfaction that
the gambling laws and the Sunday
laws are rigidly enforced, and for
which condition of affairs too much
cannot be said in praise of our
vigilant sheriff, together with the
other officers.

We have visited the county jail,
and find it splendidly kept, and we
think, from talking with the pris-
oners and our own personal obser-
vations, that the prisoners are
supplied with a sufficient amount
of good and wholesome food, and
are being well treated and cared for
by our very efficient sheriff, and

zens who were summoned before

BRAIN-FOOD NONSENSE.
Another ridiculous food fad has
been branded by the most compe-
tent authorities. They have dis-
pelled the silly notion that one kind
of food is needed for brain, another
for muscles, and still another for
bones. A correct diet will not not
nurture a particular part of the body
but it will sustain every other part.
Yet, however good your food may
be its nutriment is destroyed by in-
digestion or dyspepsia. You must
prepare for their appearance or pre-
vent their coming by taking regular
doses of Green's August Flower, the
favorite medicine of the healthy
millions. A few doses aids diges-
tion, stimulates the liver to healthy
action, purifies the blood, and makes
you feel buoyant and vigorous. You
can get Dr. G. G. Green's reliable
remedies at Wilson-Jenkins Drug
Co.'s store. Get Green's Special Al-
manac.

fornia Jockey club has distributed
\$307,800. Among owners whose
horses have contested for stakes and
purse at Oakland track the stable of
Green B. Morris heads the list with
\$25,430 to its credit. To this sum
must be added \$1,500 won by Artvis
when that colt captured the Bell

REWARDED FOR BRAVERY.
An Engineer Rescues Four Women in
One Week from Serious Fire.
Kokomo, Ind., March 11.—The city
council has voted a gold medal to
Frank Wyatt, a Panhandle railway en-
gineer, for bravery. The local lodges
of the Order of Odd Fellows and Order
of Red Men also voted medals and
cash to him, although Wyatt is not a
member of either order.
Wyatt left his engine at three nat-
ural gas explosions last week and car-
ried four women out of burning build-
ings, rushing through a mass of flames
to rescue them. The women were
Mrs. Ida Achey, Mrs. Elizabeth Phil-
lips, Mrs. Mary Barrington and Mrs.
Mary Spurgeon. The two former died
of their injuries, but the others may
recover. Wyatt was himself badly
burned in pulling one of the women
from under a fallen chimney.

LARGEST AUTOMOBILE.
One Being Built by the French to Make
a Trip to Pekin.
New York, March 11.—Two business
men named Cudell and Lewis have had
built the most extraordinary automob-
ile ever yet constructed, says a dis-
patch from Paris to the American and
Journal. Its owners have ordered it
specially for the purpose of making a
trip from Paris to Pekin. In addition
to the ordinary outfit of an automob-
ile, this one has four comfortable
beds and a small kitchen is attached
to the rear.
The traveler intend to take six
months for the trip and to visit every
town of any importance between the
two capitals. They have engaged a
first-class Parisian cook to take with
them and propose to be entirely inde-
pendent of hotels.

Bids for the Big Fight.
New York, March 11.—Bids for the
championship battle between Robert
Fitzsimmons and James J. Jeffries
will be opened in San Francisco next
Saturday and it then will be decided
where the battle shall take place.
When articles of agreement were signed
last month it was agreed upon to
give all the clubs desiring the match
until March 15 to put in bids, the con-
test to go to the club offering the best
inducements.
Cattlemen are in annual session at

No Demand on Turkey.
Washington, March 11.—It is again
specifically stated that no demand has
been made upon Turkey in connection
with Miss Stone's case. Action taken
by Minister Lelshman was simply to
conserve any rights which might be
developed after thorough investigation
as to whom the United States should
look to for redress. It may be added
that the whole trend of evidence so
far is very strongly against the Bul-
garians and not against the Turks.

Colombian Force Successful.
Washington, March 11.—The United
States minister to Colombia, reports
to the state department, under date
of March 8, that during the proceeding
week the government troops had steady-
ly advanced and secured important
position near Bogota, which had been
vacated by the revolutionary forces
who are understood to be in a des-
perate situation and seeking an oppor-
tunity to escape.

Gave up After Four Days.
Panama, Colombia, March 11.—Gen.
Herrera, the Liberal general attacked
Agua Dulce with a strong force Feb-
ruary 21. Gen. Castro resisted him for
four days, but then abandoned the
town.
The government here has positive
information that the revolutionists
had 700 men killed or wounded dur-
ing the engagement.

Block of Buildings Burned.
Eddy, Tex., March 11.—Fire broke
out at 4:30 Monday morning in the
restaurant and grocery store owned
by E. J. Lawrence. The high wind
spread the flames rapidly. It was im-
possible to obtain water from any
source. The wind lulled about day-
break and the fire checked after burn-
ing an entire block. Loss about \$16,
000, insurance half.

Robbed by Burglars.
Lockhart, Tex., March 11.—The
store of J. L. Alexander at Dale, eight
miles east of here, was entered by bur-
glars Sunday night and about \$74
in money and \$800 in goods taken. The
safe was blown open. The drug store
of Ward Bros. was also entered, but
nothing of much value was taken
from the drug store.

Killed in a Runaway.
Oklahoma City, O. T., March 11.—
H. C. Lindboe, who had his skull
crushed in a runaway accident Sun-
day, died of his injuries.

MORE PARTICULARS.
Reports Show Delarey Used Up-to-Date
Tactics on Methuen.
London, March 11.—General Delarey
who has proved himself the most able
of all the Boer generals, within a
fortnight has gained a second decisive
victory.
His first victory was the capture of
Von Donop's convoy, when the British
casualties in killed, wounded and men
made prisoners totaled 632, and he has
now added to his laurels by the cap-
ture, for the first time throughout the
campaign, of a prominent British gen-
eral, and by inflicting what is gener-
ally admitted to be one of the worst re-
verses the British have suffered
throughout the whole war.
It is supposed that Lord Methuen
was marching with the intention to
avenge the capture of the Von Donop
convoy.
The newspaper correspondents in
South Africa have not been allowed
to describe the affair. The only ad-
ditional details available are contain-
ed in a further dispatch from Lord
Kitchener, which Mr. Broderick, the
secretary of war, read as parliament
was adjourning.
This dispatch shows that the first
confusion was caused by native boys
with lead horses, who galloped through
the mule convoy as the latter was en-
deavoring, by Lord Methuen's direc-
tions, to close on the convoy. This
disorder among the mules communi-
cated itself to the mounted troops
and the Boers, dressed in Khaki, and
riding alongside the wagons, frustrat-
ed all attempts of the British officers
to rally their forces. Great confusion
ensued among this portion of the
mounted troops, they and the mule
wagons galloping three miles behind
the ox wagons, where they were cut
off.
Sections of the Fourth and Thirty-
eight batteries of artillery fought
with great gallantry, and 300 men
composed of the Northumberland fusil-
eers and the Lancashires, showed con-
spicuous courage in protecting the
wagons and refusing the surrender un-
til resistance was useless.
The force under General Delarey
was almost entirely dressed in British
uniforms. This made it impossible
for the infantry to distinguish between
their own men and the enemy when
the mounted troops were driven in
on them. The enemy numbered 1500
men.
They had one 15-pounder and a pom-
pom.
Delarey, Cellieres, Kemp, Verraco
and other commandants were present.
General Methuen was seen by an agent
of the intelligence department. He
was being well cared for in his own
wagon.
A private telegram says Methuen
has a fractured thigh, but is reported
to be doing well.
In another message Lord Kitchener
says the wounded will be brought here.

TWO WOMEN SHOT.
One Is Killed and the Other Was Dan-
gerously Wounded.
Camden, N. J., March 11.—Mrs. Lafa
Gruss and Mrs. Frank Cowie of West-
mont, four miles south of here, were
shot at 9 o'clock this morning in the
outskirts of town by two unknown
men, who made their escape. Mrs.
Gruss was instantly killed, and Mrs.
Gowie was brought to Cooper hos-
pital in this city in a critical condition.
Physicians say her recovery is doubt-
ful. Police are looking for Lafa Gruss,
husband of the murdered woman, who
had been separated from his wife about
a week as a result of a quarrel. Mrs.
Gowie is the wife of Frank Gowie,
who is prominent in Westmont and vi-
cinity.

Moody Congratulated.
Washington, March 11.—When the
news that Representative Moody of
Massachusetts had been offered and
had accepted the navy portfolio
reached the capitol, shortly after noon,
Mr. Moody, who was on the floor of
the house, was showered with hearty
congratulations from Democrats as
well as Republicans.
Mr. Moody began to rise to promi-
nence during his first term in the
house, when Speaker Reed selected
him frequently to preside over the com-
mittee of the whole and predicted for
him a brilliant legislative career. He
secured the adoption of a resolution on
an appropriation bill raising Dewey to
the rank of admiral.

Taft Undergoes an Operation.
Cincinnati, March 11.—William H.
Taft, governor of the Philippines, un-
derwent a surgical operation here at
the Jewish hospital. The operation is
not regarded as a serious one and was
successfully performed. The patient is
reported as doing nicely. He will be
in the hospital perhaps three weeks.

Shamaka Again Being Shaken.
St. Petersburg, March 11.—Severe
earthquake shocks occurred at Shama-
ka, Trans-Caucasia, Sunday. About
12,000 persons are destitute, as result
of subterranean disturbances which
occurred at Shamaka about the middle
of February.

Woman Dead in a Hotel.
Memphis, March 11.—A young wom-
an from Brinkley, Ark., was found
dead in a room at a hotel here, occu-
pied Monday night by her and a rail-
road brakeman. Death was caused by
carbolic acid, taken internally. The
brakeman is under arrest.

Hanging in Misses' Appl.
Aberdeen, Miss., March 11.—Calvin
Williams, colored, who murdered Mar-
cus Kingsley in this county, was hang-
ed here. He broke down completely
Monday, but braced up and met death
firmly.

CROP STATISTICS.
Wheat Show Largest Yield and Corn and
Oats Big Decrease.
Washington, March 11.—The agri-
cultural department has issued the
following reports: Reports received
from the department's correspondents
indicate that about 23 per cent of
last year's wheat crop is still in farm-
ers' hands, compared with 24.5 per
cent (128,100,000) bushels of the crop
of 1900 on hand March 1, 1901, and 29
per cent (158,700,000 bushels) of the
crop of 1899 on hand March 1, 1900.
The corn in farmers' hands is esti-
mated at about 29 per cent of last
year's crop, against 36.9 per cent
(116,200,000 bushels) of the crop of
1900 on hand March 1, 1901 and 37.2
per cent (773,700,000 bushels) of the
crop of 1899 on hand March 1, 1900.
Of oats there is reported to be about
30 per cent of last year's crop still in
farmers' hands, as compared with 36.2
per cent (292,800,000 bushels) of the
crop of 1900 on hand March 1, 1901,
and 36.5 per cent (290,900,000 bush-
els) of the crop of 1899 on hand March
1, 1900. The reports received by the
department make it manifest that the
wheat crop of that year was one of
the largest ever grown, that the corn
crop was the smallest with one ex-
ception in 20 years and that the oat
crop was also much below the aver-
age. This conspicuous departure
from the ordinary relative production
of the three principal grains appears
to have been followed by a use of
wheat for feed for animals more ex-
tensive geographically if not in actual
volume than has before occurred.

BRAIN-FOOD NONSENSE.
Another ridiculous food fad has
been branded by the most compe-
tent authorities. They have dis-
pelled the silly notion that one kind
of food is needed for brain, another
for muscles, and still another for
bones. A correct diet will not
nourish a particular part of the body
but it will sustain every other part.
Yet, however good your food may
be its nutriment is destroyed by in-
digestion or dyspepsia. You must
prepare for their appearance or pre-
vent their coming by taking regular
doses of Green's August Flower, the
favorite medicine of the healthy
millions. A few doses aids diges-
tion, stimulates the liver to healthy
action, purifies the blood, and makes
you feel buoyant and vigorous. You
can get Dr. G. G. Green's reliable
remedies at Wilson-Jenkins Drug
Co.'s store. Get Green's Special Al-

REWARDED FOR BRAVERY.
An Engineer Rescues Four Women in
One Wreck from Serious Fires.
Kokomo, Ind., March 11.—The city
council has voted a gold medal to
Frank Wyatt, a Panhandle railway en-
gineer, for bravery. The local lodges
of the Order of Odd Fellows and Order
of Red Men also voted medals and
cash to him, although Wyatt is not a
member of either order.
Wyatt left his engine at three nat-
ural gas explosions last week and car-
ried four women out of burning build-
ings, rushing through a mass of flames
to rescue them. The women were
Mrs. Ida Achey, Mrs. Elizabeth Phil-
lips, Mrs. Mary Barrington and Mrs.
Mary Spurgeon. The two former died
of their injuries, but the others may
recover. Wyatt was himself badly
burned in pulling one of the women
from under a fallen chimney.

LARGEST AUTOMOBILE.
One Being Built by the French to Make
a Trip to Pekin.
New York, March 11.—Two business
men named Cudell and Lewis have had
built the most extraordinary automob-
ile ever yet constructed, says a dis-
patch from Paris to the American and
Journal. Its owners have ordered it
specially for the purpose of making a
trip from Paris to Pekin. In addition
to the ordinary outfit of an automob-
ile, this one has four comfortable
beds and a small kitchen is attached
to the rear.
The travelers intend to take six
months for the trip and to visit every
town of any importance between the
two capitals. They have engaged a
first-class Parisian cook to take with
them and propose to be entirely inde-
pendent of hotels.

Bids for the Big Fight.
New York, March 11.—Bids for the
championship battle between Robert
Fitzsimmons and James J. Jeffries
will be opened in San Francisco next
Saturday and it then will be decided
where the battle shall take place.
When articles of agreement were signed
last month it was agreed upon to
give all the clubs desiring the match
until March 15 to put in bids, the con-
test to go to the club offering the best
inducements.

No Demand on Turkey.
Washington, March 11.—It is again
specifically stated that no demand has
been made upon Turkey in connection
with Miss Stone's case. Action taken
by Minister Leishman was simply to
conserve any rights which might be
developed after thorough investigation
as to whom the United States should
look to for redress. It may be added
that the whole trend of evidence so
far is very strongly against the Bul-
garians and not against the Turks.

Colombian Force Successful.
Washington, March 11.—The United
States minister to Colombia, reports
to the state department, under date of
March 8, that during the proceeding
week the government troops had stead-
ily advanced and secured important
position near Bogota, which had been
vacated by the revolutionary forces
who are understood to be in a des-
perate situation and seeking an oppor-
tunity to escape.

Gave up After Four Days.
Panama, Colombia, March 11.—Gen.
Herrera, the Liberal general attacked
Agua Dulce with a strong force Feb-
ruary 21. Gen. Castro resisted him for
four days, but then abandoned the
town.
The government here has positive
information that the revolutionists
had 700 men killed or wounded dur-
ing the engagement.

Block of Buildings Burned.
Eddy, Tex., March 11.—Fire broke
out at 4:30 Monday morning in the
restaurant and grocery store owned
by E. J. Lawrence. The high wind
spread the flames rapidly. It was im-
possible to obtain water from any
source. The wind lulled about day-
break and the fire checked after burn-
ing an entire block. Loss about \$16,
000, insurance half.

Robbed by Burglars.
Lockhart, Tex., March 11.—The
store of J. L. Alexander at Dale, eight
miles east of here, was entered by bur-
glars Sunday night and about \$74
in money and \$800 in goods taken. The
safe was blown open. The drug store
of Ward Bros. was also entered, but
nothing of much value was taken
from the drug store.

Oklahoma City, O. T., March 11.—
H. C. Lindboe, who had his skull
crushed in a runaway accident Sun-
day, died of his injuries.

MORE PARTICULARS.
Reports Show Delaney Used Up-to-Date
Tactics on Methuen.
London, March 11.—General Delaney
who has proved himself the most able
of all the Boer generals, within a
fortnight has gained a second decisive
victory.
His first victory was the capture of
Von Donop's convoy, when the British
casualties in killed, wounded and men
made prisoners totaled 632, and he has
now added to his laurels by the cap-
ture, for the first time throughout the
campaign, of a prominent British gen-
eral, and by inflicting what is gener-
ally admitted to be one of the worst re-
verses the British have suffered
throughout the whole war.
It is supposed that Lord Methuen
was marching with the intention to
avenge the capture of the Von Donop
convoy.

The newspaper correspondents in
South Africa have not been allowed
to describe the affair. The only ad-
ditional details available are contain-
ed in a further dispatch from Lord
Kitchener, which Mr. Broderick, the
secretary of war, read as parliament
was adjourning.

This dispatch shows that the first
confusion was caused by native boys
with lead horses, who galloped through
the mule convoy as the latter was en-
deavoring, by Lord Methuen's direc-
tions, to close on the convoy. This
disorder among the mules communi-
cated itself to the mounted troops and
the Boers, dressed in Khaki, and
riding alongside the wagons, frustrat-
ed all attempts of the British officers
to rally their forces. Great confusion
ensued among this portion of the
mounted troops, they and the mule
wagons galloping three miles behind
the ox wagons, where they were cut
off.

Sections of the Fourth and Thirty-
eight batteries of artillery fought
with great gallantry, and 300 men
composed of the Northumberland fusil-
eers and the Lancashires, showed con-
spicuous courage in protecting the
wagons and refusing the surrender un-
til resistance was useless.

The force under General Delaney
was almost entirely dressed in British
uniforms. This made it impossible
for the infantry to distinguish between
their own men and the enemy when
the mounted troops were driven in
on them. The enemy numbered 1500
men.
They had one 15-pounder and a pom-
pom.

Delaney, Cellieres, Kemp, Verrasc
and other commandants were present.
General Methuen was seen by an agent
of the intelligence department. He
was being well cared for in his own
wagon.
A private telegram says Methuen
has a fractured thigh, but is reported
to be doing well.
In another message Lord Kitchener
says the wounded will be brought here.

TWO WOMEN SHOT.
One Is Killed and the Other Was Dan-
gerously Wounded.
Camden, N. J., March 11.—Mrs. Lafa
Gruss and Mrs. Frank Cowie of West-
mont, four miles south of here, were
shot at 9 o'clock this morning in the
outskirts of town by two unknown
men, who made their escape. Mrs.
Gruss was instantly killed, and Mrs.
Gowie was brought to Cooper hos-
pital in this city in a critical condition.
Physicians say her recovery is doubt-
ful. Police are looking for Lafa Gruss,
husband of the murdered woman, who
had been separated from his wife about
a week as a result of a quarrel. Mrs.
Gowie is the wife of Frank Gowie,
who is prominent in Westmont and vi-
cinity.

Moody Congratulated.
Washington, March 11.—When the
news that Representative Moody of
Massachusetts had been offered and
had accepted the navy portfolio
reached the capitol, shortly after noon,
Mr. Moody, who was on the floor of
the house, was showered with hearty
congratulations from Democrats as
well as Republicans.

Mr. Moody began to rise to promi-
nence during his first term in the
house, when Speaker Reed selected
him frequently to preside over the com-
mittee of the whole and predicted for
him a brilliant legislative career. He
secured the adoption of a resolution on
an appropriation bill raising Dewey to
the rank of admiral.

Taft Undergoes an Operation.
Cincinnati, March 11.—William H.
Taft, governor of the Philippines, un-
derwent a surgical operation here at
the Jewish hospital. The operation is
not regarded as a serious one and was
successfully performed. The patient is
reported as doing nicely. He will be
in the hospital perhaps three weeks.

Shamaka Again Being Shaken.
St. Petersburg, March 11.—Severe
earthquake shocks recurred at Sham-
aka, Trans-Caucasia, Sunday. About
12,000 persons are destitute, as result
of subterranean disturbances which
occurred at Shamaka about the middle
of February.

Woman Dead in a Hotel.
Memphis, March 11.—A young wom-
an from Brinkley, Ark., was found
dead in a room at a hotel here, occu-
pied Monday night by her and a rail-
road brakeman. Death was caused by
carbolic acid, taken internally. The
brakeman is under arrest.

Hanging in Mississippi.
Aberdeen, Miss., March 11.—Calvin
Williams, colored, who murdered Mar-
cus Kingsley in this county, was hang-
ed here. He broke down completely
Monday, but braced up and met death
firmly.

CROP STATISTICS.
Wheat Show Largest Yield and Corn and
Oats Big Decrease.
Washington, March 11.—The agri-
cultural department has issued the
following reports: Reports received
from the department's correspondents
indicate that about 23 per cent of
last year's wheat crop is still in farm-
ers' hands, compared with 24.5 per
cent (128,100,000) bushels of the crop
of 1900 on hand March 1, 1901, and 29
per cent (158,700,000 bushels) of the
crop of 1899 on hand March 1, 1900.
The corn in farmers' hands is esti-
mated at about 29 per cent of last
year's crop, against 36.9 per cent
(116,200,000 bushels) of the crop of
1900 on hand March 1, 1901 and 37.2
per cent (773,700,000 bushels) of the
crop of 1899 on hand March 1, 1900.
Of oats there is reported to be about
30 per cent of last year's crop still in
farmers' hands, as compared with 36.2
per cent (292,800,000 bushels) of the
crop of 1900 on hand March 1, 1901,
and 36.5 per cent (290,900,000 bush-
els) of the crop of 1899 on hand March
1, 1900. The reports received by the
department make it manifest that the
wheat crop of that year was one of
the largest ever grown, that the corn
crop was the smallest with one ex-
ception in 20 years and that the oat
crop was also much below the aver-
